## Degree Programmes

The objective of the Division of University Extension is to make the resources of the University of Toronto available to adults who are prepared to engage in part-time study. The Division offers degree courses in three sessions: the Winter Session, the Summer Evening Session, and the Summer Day Session.

---

## Admission Requirements

There are two categories of students enrolled in degree programmes. The first category is composed of Regular Students who are proceeding to a degree of the University of Toronto in the Division of University Extension. The second category is composed of Special Students who are taking degree courses but are not proceeding to a degree of the University of Toronto. These students will use the credits at other universities, or faculties within the University of Toronto.

Candidates for admission as a Regular or Special Student may be admitted to the University of Toronto in one of the following ways:

- a with an Ontario Grade XIII (or equivalent) certificate,
- b as a mature student with less than the full admission requirements. Mature students are only eligible for the Regular Student category,
- c with an acceptable degree from a recognized university,
- d with an incompletely completed degree from a recognized university.

In all cases, admission depends upon the candidate having a sufficiently high standing to compete successfully for one of the available places.

## Ontario Grade XIII Requirements

Admission to the first year of an undergraduate programme will be offered to candidates from Ontario secondary schools who demonstrate good standing, based upon the following evidence:

- 1 completion of secondary school studies, including a full programme of academic work at the Grade XIII level,
- 2 a recommendation by the secondary school last attended regarding fitness for university studies,
- 3 a complete academic report for the three final years of secondary school,
- 4 results of standardized tests offered by the Service for Admission to College and University.

Throughout the secondary school years students should study in as many of the following areas as possible: English; French; and other languages; Mathematics; Sciences; Social Studies. Students should also consider carefully what aspects of their projected university work will entail prerequisite study.

Candidates are advised to include in their Grade XIII programme at least two of: English; French or another language; Mathematics; Science. Certain university courses in Mathematics, Science and Languages have Grade XIII prerequisites listed in the calendar.

Candidates who completed Grade XIII in 1970 or previously should present a complete programme consisting of seven credits and including subjects as recommended above.

### **Mature Students**

A candidate of mature age (twenty-four years of age or older on October 1 of the Winter Session or July 15 of the Summer Session) who has lived in Ontario for a minimum period of one year and is normally a resident of Ontario, may request special consideration for admission if he has obtained high standing in at least one Pre-University Course offered through the Division of University Extension (or an equivalent course) and obtains standing in such other tests as may be required. His previous secondary school record will also be taken into account. A birth certificate must be submitted by a candidate seeking admission as a mature student.

A candidate wishing to apply for admission as a mature student should consult the Office of Admissions about his eligibility before undertaking one of the Pre-University Courses, since successful completion of a Pre-University Course does not in itself ensure admission. Courses with scientific content such as those offered by the professional faculties often have additional entrance requirements. This information may also be obtained from the Office of Admissions. (Note: Effective the Summer Session of 1972, the mature student age will be twenty-three.)

### **English Facility Requirements**

All applicants are required to submit evidence acceptable to the University of Toronto of facility in English. Candidates who are not Canadian citizens and whose mother tongue is not English may be required to meet an appropriate standard in a recognized English facility test.

## **Faculties and Schools**

### **Faculty of Arts and Science**

Candidates are advised to include in their Grade XIII programme at least two of: English, French or another language, Mathematics, Science. Certain university courses in Mathematics, Science, and Languages have Grade XIII prerequisites listed in the calendar.

Mature students must offer high standing in at least one Pre-University Course (or an equivalent course).

### **Faculty of Applied Science and Engineering**

Candidates should offer standing in Chemistry, Mathematics A and B, Physics. Candidates lacking one of Chemistry, Mathematics B, or Physics will also be considered.

Mature students must offer high standing in three Pre-University Courses (or their equivalent), to include Chemistry, Mathematics, Physics.

*All Engineering students and Physical and Health Education students will be required to transfer to full time studies after the completion of the first year in order to continue with their degree work.*

### **The College of Education**

Candidates seeking admission to the Bachelor of Education programme must hold an approved University degree from an accredited University and a permanent basic Ontario teaching certificate.

### **School of Nursing**

Candidates must offer standing in Chemistry.

Mature students must offer high standing in two Pre-University Courses (or their equivalent), one of which must be Chemistry.

*All Nursing students will be required to transfer to full time studies after the completion of the second year in order to continue with their degree work.*

### **School of Physical and Health Education**

Candidates should offer standing in Chemistry or Physics; Mathematics A. Candidates with standing in two of Biology, Chemistry, Mathematics A, or Physics will also be considered.

Mature students must offer high standing in at least one Pre-University Course (or an equivalent course) and will be considered on an individual basis after a personal interview to determine suitability for admission.

### **Admission with Advanced Standing**

An undergraduate of another university or of another faculty in this university may be admitted to advanced standing on such conditions as may be prescribed.

## Academic Counselling

Students entering the University for the first time should meet with an academic counsellor in the Division of University Extension to discuss their academic programme. Counselling hours are arranged to meet the requirements of each student and are held at 84 Queen's Park. For counselling appointments or further information, telephone 928-2405.

---

## Application Procedures

---

New students must apply for admission and provide evidence of meeting the admission requirements for their course before registering for specific subjects. In addition, a ten dollar (\$10.00) non-refundable service fee is required of all applicants except those in full-time attendance in the final year of a Canadian Secondary School or those whose last academic work was done at the University of Toronto. This fee must be remitted by money order or certified cheque (payable to the University of Toronto) and should accompany the completed application form.

Upon receipt of a letter of admission which indicates admissibility to the University, the student may register for the specific course(s) in which he wishes to enrol.

Candidates who are uncertain as to whether they meet the published admission requirements should communicate with the Office of Admissions, Simcoe Hall, University of Toronto, giving full details regarding their academic standing, before submitting formal applications.

## Regular Students

Documents to be sent with the application form are:

- 1 the Ontario Grade XIII (or equivalent) Certificate,
- 2 birth certificate, if seeking admission under the mature student regulation,
- 3 a transcript of professional training from a recognized Diploma School of Nursing, if seeking admission to the degree programme for graduate nurses,
- 4 any other evidence of ability to take the work proposed,
- 5 in addition to the above, a student who has previously attended another university must submit an official transcript of record.

## Special Students

Applicants applying for admission as Special Students must submit a Special Student application form in addition to the required documents as shown above.

Returning Special Students for Winter Session 1971 should contact the Division of University Extension, 928-2405.

*Possession of the minimum requirements does not ensure selection.*

---

## **Final Dates for Application**

---

Both Regular and Special Students must send completed application forms with the required documents before the following dates:

Winter Session August 1, 1971

Summer Evening Session April 1, 1972

Summer Day Session May 15, 1972

Applications for admission to the Faculty of Applied Science and Engineering may be submitted for the Winter Evening Session and the Summer Evening Session; applications for admission to the School of Nursing may be submitted for the Winter Evening Session; applications for admission to The College of Education may be submitted for the Winter Evening Session and the Summer Day Session.

Full details on admissions are found in the Undergraduate Admission Handbook 1971-72 which is available at the Office of Admissions, Simcoe Hall, University of Toronto. All enquiries regarding admission requirements should be addressed to the Office of Admissions.

Application for Admission forms are available from the Office of Admissions, University of Toronto, 928-2191. *Please indicate whether you wish a Regular Student or a Special Student application form.*

Students will be sent a calendar upon admission.

Courses are available at St George, Scarborough, and Erindale Campuses.
